#### Are you buying authentic oak barnwood?

Not all "reclaimed wood" furniture is created equal.

Though many try to obtain the reclaimed look with multi-step processes, soft woods like pine, and chemical mixtures, there truly is nothing like the real thing.

Fireside Lodge's barnwood furniture – crafted using oak wood repurposed from 1800s tobacco barns – is the real deal: substantial, durable, and environmentally responsible.

# Cedar Log Collection

# Timeless ... rugged ... environmentally responsible.

Whether you want to highlight the picturesque setting of your mountain retreat or bring the peacefulness of the north woods into your home decor, nothing says "rustic" like the natural beauty of Fireside Lodge cedar log furniture.

- ♦ Crafted from responsibly-sourced northern white cedar.
- ♦ Built using strong mortise-tenon joinery.
- ♦ Custom tenonizer gives each log a unique, hand-hewn look.
- ♦ Casegoods and tables feature character-rich live-edge tops.
- ♦ Available in three standard color options.
- ♦ Every piece is unique and built to order specifically for you.

#### Three standard color options

# Down to the last twig!

How is our Cedar Log furniture an environmentally sound choice? We literally use every piece of the responsibly-harvested northern white cedar, down to the last twig!

The lower portion of the tree is milled into dimensional lumber for furniture and construction products.

The tops of the trees become your furniture.

The bark and smaller branches are used as landscape materials like mulch.

All sawdust, waste, and by-products are used to heat our production facility.

Now that's green!

# **Top Coat Finishes**

**Standard Finish:** Fireside Lodge uses a clear coat, catalyzed lacquer with a satin finish. The finish draws out the natural colors in the wood and will seal and protect your furniture. Treat the surface with any level of care that you would with any fine furniture.

**Armor Finish:** Providing a medium satin sheen, our premium quality, post-catalyzed, alkyd-amino varnish is formulated to offer superior durability, and UV protection. It helps prevent scratching and denting. Though the Armor finish holds up to frequent cleaning, avoid using cleaners that contain ammonia or bleach.

Liquid Glass Finish: With a high gloss sheen, this upgrade finish is made from a two-part epoxy. Equivalent to 50 coats of polyurethane, the finish is tough, yet flexible and not prone to shattering from impact. Impressions will often disappear over time (depending on room temperature). With outstanding moisture resistance, Liquid glass is an ideal coating for bathroom vanities, bar tops, coffee tables, desk tops, and dining tables. Pledge furniture polish will prolong the life of the surface and clean smudges, but light surface scratches may appear with use and over time.

#### **Manufacturer's Limited Warranty**

We believe strongly in the quality and integrity of our workmanship and products. We want you to be truly pleased with your Fireside Lodge furniture as it becomes an important part of your family heirlooms for generations to come. Should the furniture fail structurally at any time during the lifetime of the original owner due to workmanship or material, Fireside Lodge will repair or replace it at our discretion. If Fireside Lodge determines that the issue in question is covered by warranty, and that repair is impractical, you will be furnished with a replacement product of the same or similar design, quality, and style.

The Fireside Lodge warranty period begins at the time that you receive the product in your home. To exercise your rights under this warranty, you must submit the original sales receipt when making a claim. You must be the original owner. If you notice a manufacturing defect, it is important for you to promptly notify the Fireside Lodge Authorized Dealer from whom you purchased your furniture. If it is impossible or impractical to notify that Dealer, please submit your claim on-line via e-mail or in writing to:

Customer Service | Fireside Lodge Furniture Co | PO BOX 665 | Pequot Lakes, Minnesota | 56472

After notification it may be necessary for Fireside Lodge or an authorized dealer to arrange for an inspection of your furniture to determine whether or not a manufacturing defect exists. These are your exclusive remedies under Fireside Lodge's warranty.

#### Warranty Terms

Wood Furniture: The limited lifetime warranty on structural or manufacturing defects in wood furniture products, which includes dressers, beds, tables, desks, bookcases, etc., is for the lifetime of the original purchaser. Please note that seasonal wood movement on solid wood products and checking are normal and are not considered warranty issues. Heirloom furniture is expected to gain minor checks, cracks and other imperfections as it ages through the decades. These minor imperfections are not considered defects. It is common that dining chairs will gain minor movement in their journey over a period of time/use. This is not a manufacturer defect but rather another example of a fine piece of furniture becoming an heirloom. Much of the furniture in our product line is rustic, and some of it is made of log and reclaimed from old barns, our Craftsmen do their best to match and coordinate color, grain, and texture of the wood to create a beautiful piece of unique art. Minor blemishes, knots, checking, worm tracking, old nail holes, are part of the natural character of our product and further enhance its overall beauty and do not constitute a defect.

Finishes: The limited warranty on Fireside Lodge finishes is five years from the time you receive the product in your home.

Mechanical Devices: The limited warranty on mechanical devices such as lift mechanisms, sleeper mechanisms, swivels, swivel rocker mechanisms (excluding fabric or leather coverings which are not warranted) is five years from the time you receive the product in your home.

Upholstery and Leather I Coverings: Fireside Lodge offers a comprehensive warranty on our upholstered products, with the understanding that upholstered furniture is inherently more prone to wear and tear from normal household use than solid wood furniture. The limited warranty on cushion cores and spring units is five years from the time you receive the product into your home. Fabrics and leathers are not covered by this warranty (see below). See previous paragraph for warranty terms on mechanical devices. Fabrics and leather coverings on all Fireside Lodge upholstered furniture, provided and applied by Fireside Lodge or the customer, are not covered by this warranty.

#### The following will limit or exclude coverage under this warranty:

Implied Warranties: Implied warranties including implied warranties of merchantability or fitness for a particular purpose are limited in time to the term of your limited warranty stated herein. All implied warranties are specifically disclaimed after the limited warranty has expired. By "implied warranties", Fireside Lodge means warranties that the law sometimes implies to have been given by the seller even though they are not set out in writing. (Some states do not allow an exclusion or limitation on how long an implied warranty lasts, so the above limitations or exclusion may not apply to you.)

Place of Purchase: This warranty protects you only when you purchase Fireside Lodge Furniture from Fireside Lodge or an Authorized Fireside Lodge Dealer.

Transportation Costs: You are responsible for all transportation costs to and from your residence.

Color Change: Fading, darkening, and coloring change is generally caused by sunlight over time is not a covered defect.

Household Use: This warranty applies only when you have purchased the Fireside Lodge furniture for your own normal indoor household use (including use as a gift to another for household purposes) and not for resale or commercial use, which includes rental, business, institutional or other non-residential use.

Improper Care and Use: Your Fireside Lodge furniture requires some routine maintenance to maintain its beauty and structural integrity. Please take care to treat your Fireside Lodge furniture like the fine product it is. Proper care and use are essential to preserving your rights under this warranty. Fireside Lodge will not repair or replace your furniture if improper maintenance or improper use causes damage. This warranty does not apply if your Fireside Lodge product is damaged by the use of detergents, abrasives or other improper cleaning agents. Fireside Lodge Furniture is designed for indoor use. If the furniture is used outside and exposed to the elements (i.e. direct sunlight, temperature and humidity fluctuations, etc.), this will void your warranty.

Accidents, Abuse and Normal Wear and Tear: This warranty does not cover damage resulting from negligence, abuse, normal wear and tear, or accidents: including burns, cuts, scratches, tears, scuffs, watermarks, sun damage, extreme temperatures, indentations, or pet damage. Damage occurring during the shipment, delivery or set up of your Fireside Lodge furniture in your home is not covered by this warranty and should be addressed with the party making the delivery/shipment.

Storage Facilities: Storage facilities are prone to drastic changes in humidity and temperature, even if they claim to be "climate-controlled". Any defect to the structure or finish on a product that is noted during or immediately following prolonged storage in a storage facility will not be covered under warranty.

Product Modification: Any product modification by dealer, consumer, or other parties not authorized by Fireside Lodge will void this warranty.

Floor Samples or Products Purchased "AS IS" | Differences from Floor Samples or Literature: This warranty does not cover products designated "AS IS" at the time of purchase. Also, because of craftsmanship or use of natural materials in Fireside Lodge furniture, variations in color, wood grain, or construction can occur from piece to piece. Therefore, this warranty does not cover such minor differences, or differences between floor samples or printed illustrations and your furniture.

Consequential or Incidental Damages: Fireside Lodge will not be liable for consequential or incidental damages including, without limitation, any liability for third party claims against you for damages. By this Fireside Lodge means any loss, expense, or damage other than to the furniture itself that may result from a defect in the furniture. (Some states to do not allow the exclusion of limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.)

#### Your Warranty Rights

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Except for such other rights, the remedies provided under this warranty state the limit of Fireside Lodge's responsibilities.
