Rustic furniture for your modern world

Product Catalog

Printed January 2023

A pair of hands is shown from the wrist up, cupping a small, vibrant green seedling with several leaves. The seedling is growing out of a mound of dark, rich soil. The background is a soft, out-of-focus bokeh of green and yellow light, suggesting a sunny outdoor setting. The overall mood is one of care, growth, and environmental stewardship.

Our sustainability pledge

As a builder of solid wood furniture, we rely on good old Mother Nature for everything we create. That makes it our duty to pay special attention to making environmentally-responsible decisions. Whether that is choosing low VOC and non-toxic stains and finishes, building with renewable or reclaimed materials, or operating as close to zero-waste as possible, we have made a commitment to work with the future in mind.

The logo for Fireside Lodge Furniture Company features a stylized, light-colored flame or leaf-like shape that curves around the text. The text is in a serif font, with 'FIRESIDE LODGE' in a larger, bold font and 'FURNITURE COMPANY' in a smaller font below it.

FIRESIDE LODGE FURNITURE COMPANY

Rustic furniture for your modern world

In 1998, Fireside Lodge began as a builder of handcrafted cedar log furniture that supplied a regional market. Over the next several years, our reach and variety of product offerings increased to include everything from hickory log to reclaimed wood, and incorporating styles ranging from our “rustic” roots to transitional, industrial, modern, and beyond.

Today, more than 25 years later, our products are found in furniture stores, hotels, resorts, lodges, restaurants, and homes across North America and as far away as New Zealand.

25 Years and Counting

In 2023, we celebrate our 25th anniversary and we could not have made it this far without our hard working team and partners like you.

Anniversaries give us occasion to pause and reflect. As we turn to look back at our path thus far, we are filled with appreciation and humility. And as we look forward, we are filled with gratitude for those who continue the journey.

Thank you for walking this road with us!

Sincerely,

Brandon and Jill Andersen

& the entire Fireside Lodge Furniture Team

Our journey so far...

1998 – It began with cedar

Locally noted for its high quality build, our Cedar Log furniture was all the rave in a 100-mile regional market in Greater Minnesota. Many of our original designs are still in use today.

2003 - New ownership & a shift to wholesale

Brandon and Jill Andersen purchase the small furniture manufacturer and decide to increase the footprint by offering products to the wholesale market. In 2004, Fireside Lodge lands its first non-Minnesota wholesale account in Pennsylvania.

2007 - A national presence & two new lines

Fireside Lodge officially steps on the national stage as it opens showrooms at High Point Market and Las Vegas Market soon after. Concurrently, Fireside purchases a manufacturer of hickory furniture and also develops a line of authentic reclaimed barnwood furniture to thicken its offerings while moving into its new 30,000 square foot production facility.

2011 - A sister company

Fireside Lodge welcomes a new member to the family! Wooded River, Inc. is brought under Fireside's umbrella to offer rustic, lodge, and southwestern bedding and home decor. In 2012, Wooded River expands into a new facility located near Boise, Idaho.

2014 - An expanded presence

Fireside Lodge and Wooded River are now in more than 300 retail stores across North America in addition to hundreds of hotels, resorts, lodges, and restaurants.

2017 - Vertically integrating & a new endeavor

Fireside Lodge secures its cedar source by purchasing a sawmill in Northern Minnesota to control and monitor quality. Meanwhile, Fireside Lodge also begins serving the campground market with a new line of furniture: Voyageur.

2021 - Another sibling

As our presence in campgrounds increases, Fireside Lodge enters into a partnership by starting another new company: Lonesome Yurts & Treehouses - a manufacturer of ready-to-assemble glamping accommodations.

New for 2023

A new collection, gathering room furniture, and more

Natural beauty of rustic black ash – all offered in two different stain choices.

Our brand new Mountain Ash Collection is a limited series of bedroom furniture that highlights the natural beauty of rustic black ash all offered in two different stain choices.

As the survival of the wood species is in jeopardy due to an invasive beetle, each piece is an instant heirloom that will stand the test of time both in design and durability. See page 22 for more details.

*The new Cedar Log Slab Bed
see page 36 for details*

The Cedar Log Slab Bed

Another new take on the Cedar Log bed utilizing a slab style that allows the gorgeous heartwood of northern white cedar to take center stage.

Offered in all standard sizes and in multiple stain choices, be sure to check this one out!

New styles of lounge and club chairs

There might be nothing better than a comfortable chair after a long day and in 2023, Fireside Lodge is introducing four new styles.

Ranging from sleek Barnwood low-back club chairs (shown right) to big and chunky WoodShop arm chairs, we are excited about each and every one of these new designs (starting page 90)!

More coffee table designs

Coming to a living room near you... new coffee table designs by Fireside Lodge Furniture Company!

Barnwood Collection

Reclaimed history...

Substantial, durable, and environmentally friendly – the Barnwood Collection combines Old World charm with modern sensibilities while fitting into any decor or decorating style.

Not manufactured, but benchmade, every piece is unique and crafted from re-purposed, hand-selected oak timbers and planks from deconstructed 1800s tobacco barns.

Barnwood Sideboard with sliding doors – page 147

Are you buying authentic oak barnwood?

Not all “reclaimed wood” furniture is created equal.

Though many try to obtain the reclaimed look with multi-step processes, soft woods like pine, and chemical mixtures, there truly is nothing like the real thing.

Fireside Lodge’s barnwood furniture – crafted using oak wood repurposed from 1800s tobacco barns – is the real deal: substantial, durable, and environmentally responsible.

Down to the last twig!

How is our Cedar Log furniture an environmentally sound choice? We literally use every piece of the responsibly-harvested northern white cedar, down to the last twig!

-  The lower portion of the tree is milled into dimensional lumber for furniture and construction products.
-  The tops of the trees become your furniture.
-  The bark and smaller branches are used as landscape materials like mulch.
-  All sawdust, waste, and by-products are used to heat our production facility.
-  Now *that's* green!

Hickory Log Collection

An American classic.

What makes furniture rustic? It is more than a simple look – it is about the feelings it evokes in a space: calm, peace, natural, and an homage to the past.

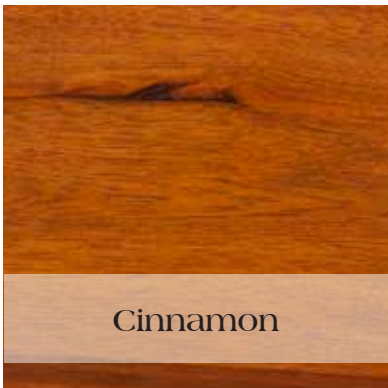

Hickory log furniture has long been a mainstay of American rustic furniture with its strength, durability, and distinct bark-on look.

Built using time-tested techniques, Fireside Lodge's Hickory Log Collection boasts a rustic appeal while harkening back to a bygone day providing a unique end result.

A piece of American History

Stretching from southern New York to northern Mississippi, the Appalachian region is the birthplace of so much American history – and Fireside Lodge Furniture’s Appalachian Collection captures the romance inherent in the region’s rustic simplicity and cultural wealth.

The two predominant woods used in this collection (reclaimed barnwood and natural hickory logs) are both sourced from the Appalachian region and combine to create truly unique and timeless furniture.

Mountain Ash Collection

An instant heirloom...

A beautiful species of hardwood native to the Great Lakes region, Black Ash stands on the precipice of destruction. Due to the invasive emerald ash borer beetle, the U.S. Forest Service estimates that 99% of black ash in North America is going to die within a few years.

Fireside Lodge has developed a limited line centered around the unique wood so it can live on for future generations to enjoy. This beautiful bedroom collection incorporates simple lines that help highlight the wood's naturally rustic graining patterns.

Offered in two different stains (pictured to the right), each piece of this collection is an instant heirloom that can be passed down with its unique origination story.

Mountain Ash Bed

Bring the beauty of rustic black ash into your bedroom with this handcrafted heirloom. We recommend using a low-profile box spring with this bed or the included slat roll without a box spring.

Offered in standard king, California king, and queen sizes, it is available as a complete bed or headboard only.

Pictured in Weathered Ash, all pieces of this collection are also available in a warm and inviting Cognac stain.

Table tops explained

There are five different basic types of table tops on Fireside Lodge's dining tables. Each differs from the rest in materials, build method, and overall look.

Here is a little primer to help you tell the difference!

Barnwood Artisan Table Top →

Our Artisan tops feature authentic reclaimed oak barwood planks and timbers with a drop down trim surrounding the joined planking. The artisan top is filled with texture and character.

Antique Oak Table Top →

For those who want a less character-rich and rustic top, we offer the Antique Oak top. This solid wood top is made from joined 6/4 oak and stained to match authentic barnwood. The top is surrounded with a routed edge.

Breadboard Top →

Found on our WoodShop Collection styles, these table tops are built to minimize the effects of humidity and temperature changes on the joined, solid wood table top as the whole piece expands and contracts together.

Cedar Log Live Edge Trim →

All of our Cedar Log table tops are surrounded by a live edge log trim. This rustic feature creates a "slab" like look that matches the hand-peeled logs of the table bases.

Hickory Bark Edge Trim →

Like our Cedar Log tables, our Hickory Log dining tables feature a live-edge accent. The bark-on look mirrors the tops and log legs on the rest of our Hickory Log Collection.

Custom Furniture

Pictured: One of our customers was thrilled by their custom Barnwood kitchen island that was designed and handcrafted specifically for their lake home: "Wanted to share these pics. We just love this island!" - Jessica K.

Custom is our specialty...

Over the last 20-plus years, Fireside Lodge has designed and built thousands of custom pieces of furniture for our customers.

From simple dimensional changes to make sure it fits a specific space, to fully unique items designed from a rough inspiration, we can help you create exactly what you're looking for.

Pictured: A graphic rendering of a custom cedar log picnic table designed and built for a customer.

An easy process

Our number one goal is to make the custom furniture process as easy as possible and it all begins with a little communication:

- 1) Contact your account manager to get the ball rolling. Make sure to have a basic idea of what you are looking for, or if necessary, some example photos.
- 2) We'll clarify and get all the necessary information like wood species, stain colors, measurements, and walk you through it.
- 3) As we begin finalizing the design we'll supply any required pricing, drawings, renderings, and break downs for your approval.
- 4) Upon final approval... you just have to sit back and we'll take it from there!

Top Coat Finishes

Standard Finish: Fireside Lodge uses a clear coat, catalyzed lacquer with a satin finish. The finish draws out the natural colors in the wood and will seal and protect your furniture. Treat the surface with any level of care that you would with any fine furniture.

Armor Finish: Providing a medium satin sheen, our premium quality, post-catalyzed, alkyd-amino varnish is formulated to offer superior durability, and UV protection. It helps prevent scratching and denting. Though the Armor finish holds up to frequent cleaning, avoid using cleaners that contain ammonia or bleach.

Liquid Glass Finish: With a high gloss sheen, this upgrade finish is made from a two-part epoxy. Equivalent to 50 coats of polyurethane, the finish is tough, yet flexible and not prone to shattering from impact. Impressions will often disappear over time (depending on room temperature). With outstanding moisture resistance, Liquid glass is an ideal coating for bathroom vanities, bar tops, coffee tables, desk tops, and dining tables. Pledge furniture polish will prolong the life of the surface and clean smudges, but light surface scratches may appear with use and over time.

Manufacturer's Limited Warranty

We believe strongly in the quality and integrity of our workmanship and products. We want you to be truly pleased with your Fireside Lodge furniture as it becomes an important part of your family heirlooms for generations to come. Should the furniture fail structurally at any time during the lifetime of the original owner due to workmanship or material, Fireside Lodge will repair or replace it at our discretion. If Fireside Lodge determines that the issue in question is covered by warranty, and that repair is impractical, you will be furnished with a replacement product of the same or similar design, quality, and style.

The Fireside Lodge warranty period begins at the time that you receive the product in your home. To exercise your rights under this warranty, you must submit the original sales receipt when making a claim. You must be the original owner. If you notice a manufacturing defect, it is important for you to promptly notify the Fireside Lodge Authorized Dealer from whom you purchased your furniture. If it is impossible or impractical to notify that Dealer, please submit your claim on-line via e-mail or in writing to:

Customer Service | Fireside Lodge Furniture Co | PO BOX 665 | Pequot Lakes, Minnesota | 56472

After notification it may be necessary for Fireside Lodge or an authorized dealer to arrange for an inspection of your furniture to determine whether or not a manufacturing defect exists. These are your exclusive remedies under Fireside Lodge's warranty.

Warranty Terms

Wood Furniture: The limited lifetime warranty on structural or manufacturing defects in wood furniture products, which includes dressers, beds, tables, desks, bookcases, etc., is for the lifetime of the original purchaser. Please note that seasonal wood movement on solid wood products and checking are normal and are not considered warranty issues. Heirloom furniture is expected to gain minor checks, cracks and other imperfections as it ages through the decades. These minor imperfections are not considered defects. It is common that dining chairs will gain minor movement in their journey over a period of time/use. This is not a manufacturer defect but rather another example of a fine piece of furniture becoming an heirloom. Much of the furniture in our product line is rustic, and some of it is made of log and reclaimed from old barns, our Craftsmen do their best to match and coordinate color, grain, and texture of the wood to create a beautiful piece of unique art. Minor blemishes, knots, checking, worm tracking, old nail holes, are part of the natural character of our product and further enhance its overall beauty and do not constitute a defect.

Finishes: The limited warranty on Fireside Lodge finishes is five years from the time you receive the product in your home.

Mechanical Devices: The limited warranty on mechanical devices such as lift mechanisms, sleeper mechanisms, swivels, swivel rocker mechanisms (excluding fabric or leather coverings which are not warranted) is five years from the time you receive the product in your home.

Upholstery and Leather | Coverings: Fireside Lodge offers a comprehensive warranty on our upholstered products, with the understanding that upholstered furniture is inherently more prone to wear and tear from normal household use than solid wood furniture. The limited warranty on cushion cores and spring units is five years from the time you receive the product into your home. Fabrics and leathers are not covered by this warranty (see below). See previous paragraph for warranty terms on mechanical devices. Fabrics and leather coverings on all Fireside Lodge upholstered furniture, provided and applied by Fireside Lodge or the customer, are not covered by this warranty.

The following will limit or exclude coverage under this warranty:

Implied Warranties: Implied warranties including implied warranties of merchantability or fitness for a particular purpose are limited in time to the term of your limited warranty stated herein. All implied warranties are specifically disclaimed after the limited warranty has expired. By "implied warranties", Fireside Lodge means warranties that the law sometimes implies to have been given by the seller even though they are not set out in writing. (Some states do not allow an exclusion or limitation on how long an implied warranty lasts, so the above limitations or exclusion may not apply to you.)

Place of Purchase: This warranty protects you only when you purchase Fireside Lodge Furniture from Fireside Lodge or an Authorized Fireside Lodge Dealer.

Transportation Costs: You are responsible for all transportation costs to and from your residence.

Color Change: Fading, darkening, and coloring change is generally caused by sunlight over time is not a covered defect.

Household Use: This warranty applies only when you have purchased the Fireside Lodge furniture for your own normal indoor household use (including use as a gift to another for household purposes) and not for resale or commercial use, which includes rental, business, institutional or other non-residential use.

Improper Care and Use: Your Fireside Lodge furniture requires some routine maintenance to maintain its beauty and structural integrity. Please take care to treat your Fireside Lodge furniture like the fine product it is. Proper care and use are essential to preserving your rights under this warranty. Fireside Lodge will not repair or replace your furniture if improper maintenance or improper use causes damage. This warranty does not apply if your Fireside Lodge product is damaged by the use of detergents, abrasives or other improper cleaning agents. Fireside Lodge Furniture is designed for indoor use. If the furniture is used outside and exposed to the elements (i.e. direct sunlight, temperature and humidity fluctuations, etc.), this will void your warranty.

Accidents, Abuse and Normal Wear and Tear: This warranty does not cover damage resulting from negligence, abuse, normal wear and tear, or accidents: including burns, cuts, scratches, tears, scuffs, watermarks, sun damage, extreme temperatures, indentations, or pet damage. Damage occurring during the shipment, delivery or set up of your Fireside Lodge furniture in your home is not covered by this warranty and should be addressed with the party making the delivery/shipment.

Storage Facilities: Storage facilities are prone to drastic changes in humidity and temperature, even if they claim to be "climate-controlled". Any defect to the structure or finish on a product that is noted during or immediately following prolonged storage in a storage facility will not be covered under warranty.

Product Modification: Any product modification by dealer, consumer, or other parties not authorized by Fireside Lodge will void this warranty.

Floor Samples or Products Purchased "AS IS" | Differences from Floor Samples or Literature: This warranty does not cover products designated "AS IS" at the time of purchase. Also, because of craftsmanship or use of natural materials in Fireside Lodge furniture, variations in color, wood grain, or construction can occur from piece to piece. Therefore, this warranty does not cover such minor differences, or differences between floor samples or printed illustrations and your furniture.

Consequential or Incidental Damages: Fireside Lodge will not be liable for consequential or incidental damages including, without limitation, any liability for third party claims against you for damages. By this Fireside Lodge means any loss, expense, or damage other than to the furniture itself that may result from a defect in the furniture. (Some states do not allow the exclusion of limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.)

Your Warranty Rights

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Except for such other rights, the remedies provided under this warranty state the limit of Fireside Lodge's responsibilities.
