

FURNITURE COMPANY

Rustic furniture for your modern world

In 1998, Fireside Lodge began as a builder of handcrafted cedar log furniture that supplied a regional market. Over the next years, our reach and variety of product offerings increased to include everything from hickory log to reclaimed wood, and incorporating styles ranging from our "rustic" roots to transitional, industrial, modern, and beyond.

Today, more than 20 years later, our products are found in furniture stores, hotels, resorts, lodges, restaurants, and homes across North America and as far away as New Zealand.

Everything Old ... is new again

Substantial, durable, and environmentally friendly – the Barnwood Collection combines Old World charm with modern sensibilities while fitting into any decor or decorating style.

Not manufactured, but benchmade, every piece is unique and crafted from repurposed, hand-selected oak timbers and planks from deconstructed 1800s tobacco barns.

So much more than just a "look," our Barnwood Collection is built to last into yet another century.

- V Handcrafted from repurposed reclaimed red oak from American tobacco barns.
- ♦ Full assortment of more than 100 styles of beds, dining tables, chairs, case goods, vanities, and more.
- ♦ Every piece is unique: rich in character with a mixture of saw marks, nail holes, checking, and natural patinas.
- Perfectly suited for almost any decor: rustic, ranch, modern, industrial, and transitional.
- Custom pieces available.

Are you buying authentic barnwood?

Not all "reclaimed wood" furniture is created equal.

Though many try to obtain the reclaimed look with multistep processes, soft woods like pine, and chemical mixtures, there truly is nothing like the real thing.

Fireside Lodge's barnwood furniture – crafted using oak wood repurposed from 1800s tobacco barns – is the real deal: substantial, durable, and environmentally responsible.

Timeless ... rugged ... environmentally responsible

Whether you want to highlight the picturesque setting of your mountain retreat or bring the peacefulness of the north woods into your home decor, nothing says "rustic" like the natural beauty of Fireside Lodge cedar log furniture.

Crafted using locally-sourced northern white cedar, our Cedar Log collection is one of our most complete and popular lines of furniture – no one can boast a more solidly-built, beautiful natural log furniture.

- ♦ Handcrafted from responsibly-sourced northern white cedar.
- Logs are hand-peeled to accentuate the wood's natural character and beauty.
- ♦ Features mortise-tenon joint construction for durable builds.
- Every piece is unique and built to order.
- ♦ Character-filled with knots, bark beetle galleries, checking, and more.
- ♦ Most Cedar Log furniture is available in multiple stain options (see page 140).

Handcrafted American Made

In a day and age where so much is made to be thrown away, Fireside Lodge takes a stance to go the opposite direction.

Pride in craftsmanship is ingrained into every piece of Fireside Lodge's furniture starting with hand-peeled logs and individually selected reclaimed barnwood timbers, all the way to the last touch up of stain or fastening of hardware.

Our Minnesota craftspeople build each piece uniquely for you resulting in an heirloom that will be in your family for generations to come.

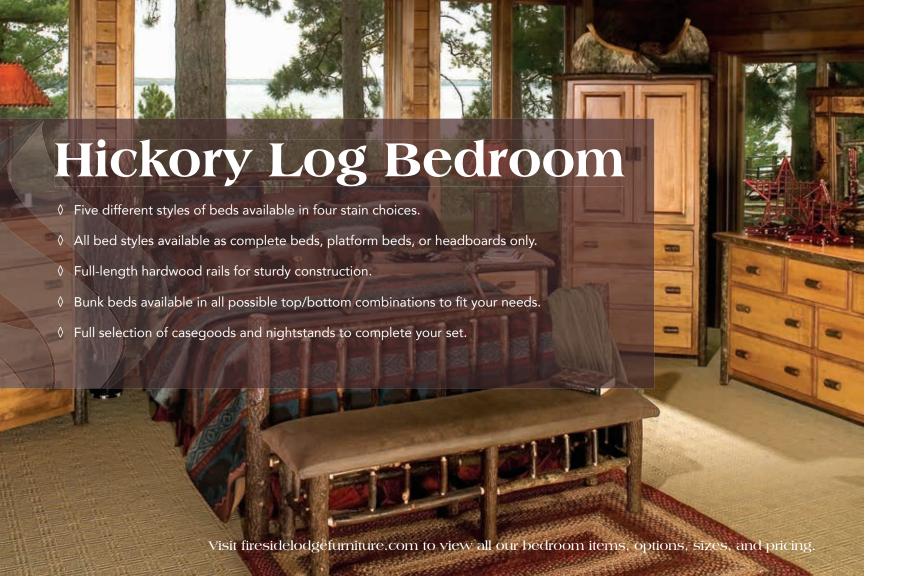

An American rustic classic

What makes furniture rustic? It is more than a simple look, it is about the feelings it evokes in a space: calm, peace, natural, and an homage to the past.

Hickory log furniture has long been a mainstay of American rustic furniture with its strength, durability, and its distinct bark-on look. Built using time-tested techniques, Fireside Lodge's Hickory Log Collection boasts a rustic appeal while harkening back to a bygone day.

- Handcrafted like all Fireside Lodge furniture.
- Bark-on logs and live-edge bark trim.
- ♦ Real hickory drawer pulls.
- ♦ Four standard stains to choose from.
- Each piece unique and filled with character.

Our Sustainability Pledge

As a builder of solid wood furniture, we rely on good old Mother Nature for everything we create. That makes it our duty to pay special attention to making environmentally-responsible decisions. Whether that is choosing low VOC and non-toxic stains and finishes, building with renewable or reclaimed materials, or operating as close to zero-waste as possible, we have made a commitment to work with the future in mind.

Full of character, full of color

Trying to get the reclaimed look, but with more options in color? Fireside Lodge's Frontier Collection is your answer.

Made from locally-sourced circle sawn pine, our Frontier Collection is filled with depth, a distinct character, and a look that easily translates from rustic to, beach, to modern. It is finished utilizing a four-step finish process that provides excellent durability and an amazing depth that is sure to impress while lasting for years to come.

- ♦ Responsibly sourced pine from Northern Minnesota.
- ♦ Finish process uses only low VOC and non-toxic stains and finishes (see page 144 for color options).
- Multiple, deep and rich color choices.
- ♦ Rich in character due to pops of undertones from the circle-sawn wood graining.

A piece of history brought forward

Stretching from southern New York to northern Mississippi, the Appalachian region is the birthplace of so much American history – and Fireside Lodge Furniture's Appalachian Collection captures the romance inherent in the region's rustic simplicity and cultural wealth.

The two predominate woods used in this collection (reclaimed barnwood and natural hickory logs) are both sourced from the Appalachian region and combine to create truly unique and timeless furniture.

- ♦ Handcrafted from repurposed and sustainable materials.
- A beautiful blend of reclaimed barnwood and bark-on hickory.
- Every piece is unique and built to order specifically for you.
- Only available in stores and to designers.

Top Coat Finishes

Standard Finish: Fireside Lodge uses a clear coat, catalyzed lacquer with a satin finish. The finish draws out the natural colors in the wood and will seal and protect your furniture. Treat the surface with any level of care that you would with any fine furniture.

Armor Finish: Providing a medium satin sheen, our premium quality, post-catalyzed, alkyd-amino varnish is formulated to offer superior durability, and UV protection. It helps prevent scratching and denting. Though the Armor finish holds up to frequent cleaning, avoid using cleaners that contain ammonia or bleach.

Liquid Glass Finish: With a high gloss sheen, this upgrade finish is made from a two-part epoxy. Equivalent to 50 coats of polyurethane, the finish is tough, yet flexible and not prone to shattering from impact. Impressions will often disappear over time (depending on room temperature). With outstanding moisture resistance, Liquid glass is an ideal coating for bathroom vanities, bar tops, coffee tables, desk tops, and dining tables. Pledge furniture polish will prolong the life of the surface and clean smudges, but light surface scratches may appear with use and over time.
